MY THANKS...

Well where do I start...so many people to say thank you to, so in no particular order I would like to say thank you to the parents who transported the cast to rehearsals and the theatre, to the back stage crew for the props and moving the scenery, the front of house team who greeted you tonight, the chaperones who somehow manage to keep the young people under control, the team of people who have made endless cups of tea throughout the rehearsals and the lunch in between shows, the people who sort sponsorships and donations and finally Steve for designing our posters and programme.

To Adam and the White Rock theatre for all their guidance and advice throughout the year, but especially show week. My thanks also to the Scout Active support and Explorer Scouts for selling programmes and helping back-stage. To Lucy C, Chloe, Carol, Helen, Sophie, Lucy K and Lucy A for their help during rehearsals. To Tina for the great choreography and Sally, Kim & Jez for keeping the cast controlled during rehearsals and more importantly running the Tuck Shop!

I think you will agree that yet again the costumes have been a credit to the show-Krista's endless task of sourcing over 1000 costumes began in February when we first put together the show and finishes show week!

A huge special thank you to both Steve and Kitson. Each having enormous energy and enthusiasm help me transform the show to the success it is today.

Lastly my special thanks to our musical director Andy (aka Shrek) for his patience and expertise throughout rehearsals and show week.

We are a great team – lets enjoy our success!

Fiona Adams
